Chapter 136

Huntsville, Alabama

The mission of ASWA is to enable women in all accounting and related fields to achieve their full personal, professional and economic potential and to contribute to the future development of their profession.

President's Message

Greetings all! Now that most of our local schools have welcomed their students back, it seems to signal the end of summer and the beginning of a new year. I hope all of you were able to find some time to enjoy this summer even with the heat. I for one am looking forward to some cooler weather.

Pressure, stress, and deadlines are something everyone has to deal with in life. I hope you enjoyed Maureen Chemsak's presentation on "Managing Stress in the Workplace". Her tips for helping us deal with stress may be something we can all make use of in the future.

Our own Sylvia Ayers has been hard at work on our one day seminar. This seminar has consistently been our largest fund raiser for our scholarship fund. This year it will be held on Friday, September 23rd at the Huntsville Country Club. The seminar will offer 8 hours of CPE with 4 hours of A&A. Please consider attending if you can. Your help with advertising this seminar and inviting a friend to attend will greatly enhance our ability to award our scholarships.

The 2011 Annual Conference for Women in Accounting is sponsored by the ASWA and the AWSCPA. This year it will be held in Charlotte, NC starting on Oct. 23rd and running until Oct. 26th. There are 24 hours of CPE available to participants in four main categories. All of our members should have received a brochure in the mail regarding it. If you did not, please see National's website for more information. It is a great way to meet other members from across the country plus get a feel for the direction the organization as a whole is going. Please consider attending.

About Us...

ASWA was organized in 1938 to increase the opportunities for women in all fields of accounting and finance. The first chapter was chartered in Indianapolis, Indiana. Members include partners in national, regional and local CPA firms, financial officers, controllers, academicians, financial analysts and data processing consultants, college students and recent graduates, and women returning to the work force. Many of our members have attained professional certifications such as CPA, CMA, CIA, and CFP.

The Huntsville chapter was chartered on December 4, 1982. We hold monthly meetings with programs of technical and educational value in a wide range of topics of interest to professional women.
