Chapter 136

Huntsville, Alabama

The mission of ASWA is to enable women in all accounting and related fields to achieve their full personal, professional and economic potential and to contribute to the future development of their profession.

President's Message

Wow, how time flies.... I can't believe my term as your chapter president is about to come to a close. This past year was filled with a lot of unexpected events, both good and not so good. I hope this next year holds a much better forecast for our upcoming group of officers and incoming committee chairs. I hope that you will consider signing up to help on at least one committee this coming year. Serving on a committee is one way to get to know other members better.

At last check, we added 14 new members for this term, of which 6 were student members and 8 were regular members. We have about 66 members and I hope that we can retain our current membership while trying to recruit new members. It always seems to be a challenge to retain current members so I hope our new enthusiastic officers can achieve this sometimes difficult task.

Thanks again for allowing me to be a part of your ASWA experience this year. Please give incoming president, Carrie Tremko, and the incoming board and committee chairs your full support. I wish them all the best this coming year.

About Us...

ASWA was organized in 1938 to increase the opportunities for women in all fields of accounting and finance. The first chapter was chartered in Indianapolis, Indiana. Members include partners in national, regional and local CPA firms, financial officers, controllers, academicians, financial analysts and data processing consultants, college students and recent graduates, and women returning to the work force. Many of our members have attained professional certifications such as CPA, CMA, CIA, and CFP.

The Huntsville chapter was chartered on December 4, 1982. We hold monthly meetings with programs of technical and educational value in a wide range of topics of interest to professional women.
