Chapter 136

Huntsville, Alabama

The mission of ASWA is to enable women in all accounting and related fields to achieve their full personal, professional and economic potential and to contribute to the future development of their profession.

President's Message

Did you read the ASWA mission statement above? Our chapter helped to make that a reality for three women last month as part of our Annual Student Night. We were able to award a total of \$4500 in college scholarships. Thanks to Angela Langston, Chair, and the Scholarship committee for their work in the selection process of these women.

Additionally, through our High School Accounting Test, three students proved their knowledge of accounting and were awarded with a certificate and a monetary award. Thanks to Stephanie Kingsford, Chair, and the Student Activities committee for administering the test and planning the program for April's meeting.

I'd also like to thank our speakers for Student Night - Dr. Dorothy Huston and Dr. Martha Pullen. Their topic was "Things I Wish I Knew before I Graduated". Both of these ladies had an inspiring message to share.

May is also a special month for our organization. We will be having our second lunchtime meeting on May 20th at the Holiday Inn-Research Park. We will meet between 11:30 and 1:00. Jenny Clark, CPA of Solvability Inc. will explain how to present financial information to non-financial people. Please make plans now to attend.

About Us...

ASWA was organized in 1938 to increase the opportunities for women in all fields of accounting and finance. The first chapter was chartered in Indianapolis, Indiana. Members include partners in national, regional and local CPA firms, financial officers, controllers, academicians, financial analysts and data processing consultants, college students and recent graduates, and women returning to the work force. Many of our members have attained professional certifications such as CPA, CMA, CIA, and CFP.

The Huntsville chapter was chartered on December 4, 1982. We hold monthly meetings with programs of technical and educational value in a wide range of topics of interest to professional women.
